# Each panelist has 5 min

- Please select appropriate subjects among proposed items by moderator
- Moderator will call floor participants to join discussions and ask questions
- Q&A and Discussions
- Moderator will summarize discussions

# **For better project implementation**

- To establish strategic linkage between APT's J1-J4 programs, and JICA/JBIC projects
- To facilitate participants of seminars, workshops and forums to formulate new ICT projects,
- To implement fruitful achievements of HRD collaborative research projects, and
- To encourage pilot projects leaders to undertake further development.

# Call for your Participation!

- Platforms for international cooperation to undertake ICT joint research and pilot projects are prepared by the Government of Japan and int'l organization such as APT.
- I would like to recommend you to organize new ICT projects and to achieve best practice.
- Common target is “Transform the Digital Divide into Digital Opportunity!”

**“Benefits of ICT for All”**
