

About this site :

The purpose of this website is to convey the latest information about Japan's information and communication technology (ICT) accurately and speedily to people outside of Japan.

The website consists of English language press releases published by governmental organs, public research bodies, private companies etc. on their own websites which are reviewed and categorized by the ITU Association of Japan (ITU-AJ).

The title of every English language press release is linked to the URL of the original one.

The organizations and groups reviewed are not restricted to the supporting members of the ITU-AJ. Any organization who may be interested in having their information reviewed on this website should kindly contact us.

Please note that the ITU-AJ is not able to respond to any questions about these releases or the method of categorization. Moreover, the information displayed and the categorization method and layout may be altered or deleted without prior notice.

Disclaimer :

The ITU-AJ takes no responsibility for the contents of any of these English press releases and for any damage that any party may suffer as a result of accessing this website.
