

Interview Sheet

Name	Mr. Andre Moura Gomes	
Country	Brazil	
Organization	Ministry of Communications	
Title	Deputy Director for the Department of Broadband	

What did you learn in this training course?

I learned a lot about the Japanese standardization organizations, the latest developments of information and communication technologies and the upcoming priorities of Japanese companies regarding standardization issues.

What is the good point(s) of this training course?

Learning about the Japanese organizations involved in the Japanese domestic standardization process and interacting with representatives from other countries are good points of this course.

What is your impression to ITU-AJ?

ITU-AJ supports the main Japanese standardization forums in Japan and in the Asian region and coordinates the technical contributions of Japan to ITU. It plays a major role in the Japanese standardization ecosystem.

What is the field(s) in which you are interested?

I am personally interested in the development of mobile broadband technology and associated standards.

Are there any Japanese organizations you would like to contact?

ITU-AJ, Ministry of Internal Affairs and Communication – MIC, TTC, ARIB, NEC, NTT Docomo, KDDI.

May ITU-AJ transfer the e-mail from the organization which has interested in you or your organization to you?

Yes.
