Title	Deputy Director

What did you learn in this training course?

I learned telecommunication policy in Japan, standardization activities by local and international SDOs, latest trend in ICT technologies and standardization activities, Japan's experience in introducing telecommunications and broadcasting latest services and current status in participants' countries.

What is the good point(s) of this training course?

Learn from Japan - one of the "pace setters" on the global arena

What is your impression to ITU-AJ?

ITU-AJ plays an important role in fostering cooperation and collaboration especially between Japan and developing countries in promoting ITU standardization activities.

What is the field(s) in which you are interested?

Fixed and mobile broadband technologies, digital broadcasting and M2M communications as well as standardization and certification activities.

In addition, my organization would like to learn from Japan on Green ICT such as e-waste management.

Are there any Japanese organizations you would like to contact?

Japanese organizations which can enlighten on the green ICT in particular e-waste management – the regulatory framework and programs.

May ITU-AJ transfer the e-mail from the organization which has interested in you or your organization to you?

Yes, but since I'm not in charge of Green ICT activities, I'll have to pass it to the relevant department which has made an inquiry to me in this area.
