

## Interview Sheet

Name	MR. ZAY YAR LWIN	
Country	MYANMAR	
Organization	MYANMA POSTS AND TELECOMMUNICATIONS	
Title	JUNIOR ENGINEER ( I )	

**What did you learn in this training course?**

Project Cycle Management, Network Planning, different kinds of mobile systems suitable for rural areas.

**What is the good point(s) of this training course?**

Network Planning Workshop and having an opportunity to visit to rural areas in Japan. These points approved for us that shown no information gap between urban and rural areas in Japan.

**What is your impression to ITU-AJ?**

The programme of ITU-AJ is very useful for me as a country representative, to develop the ICT communications in rural areas. We have got a lot of knowledge and experiences from this training with collaborating JICA and ITU-AJ.

**What is the field(s) in which you are interested?**

I was so interested in the field of Network Planning Drill and Project Cycle Management that includes Problem Analysis and Objective Analysis.

**Are there any Japanese organizations you would like to contact?**

I cannot mention which organizations I'd like to contact exactly! Actually, most of Japanese companies are helping to improve the ICT Infrastructure in our country. Here, I'd like to express deeply gratitude all of Japanese Organizations, on behalf of Myanmar people. All of Japanese Organizations are warmly welcomed to invest in our country.

**May ITU-AJ transfer the e-mail from the organization which has interested in you or your organization to you?**

Yes、 Please
