

Name	Supakorn SIDDHICHAI	
Country	THAILAND	
Organization	NECTEC	
Title	DR	
What did you learn in this training course?		
I learned about what good project management is and how to do it. I also learned about network planning, especially, for rural areas.		
What is the good point(s) of this training course?		
The good things about this course are that we have 12 participants from 10 countries. This creates a unique learning experience. Based on our different backgrounds, we exchange opinions and learn from each other.		
What is your impression to ITU-AJ?		
My impression of ITU-AJ is that it has a genuine intention to promote ICT applications to developing countries. This training programme, as co organised by ITU-AJ, is a very unique learning experience. There are plenty of opportunities to learn from a very good group of lectures as well as representatives from telecommunications and rural community.		
What is the field(s) in which you are interested?		
Network planning for rural areas.		
Are there any Japanese organizations you would like to contact?		
Not for now.		
May ITU-AJ transfer the e-mail from the organization which has interested in you or your organization to you?		
Yes.
