

Name	Mr. Moe Kyaw Soe	
Country	Myanmar	
Organization	Posts and Telecommunications Department	
Title	Director	

**What did you learn in this training course?**

- ICT standardization is very important for sustainable development of ICT sector. We also deeply understand the importance of standard such as requirements of government procurement and advance technology trend. We learned about future trends in international ICT standardization and standardized technologies from Japan.

**What is the good point(s) of this training course?**

- We can learn views and activities of ICT standardization form various stakeholders such as Ministry of Internal affairs and Communications (MIC), ICT R&D institution (NICT), Standardization Associations (ITU-AJ, TTC, ARIB, and TELEC), Operators/ Providers (KDDI, NTT DOCOMO, NHK) and Manufactures (Fujitsu, NEC).

**What is your impression to ITU-AJ?**

- ITU-AJ play major role in collaboration with ITU and Japanese ICT standardization activities.

**What is the field(s) in which you are interested?**

- Standardization of Radio System
- Certification System for telecommunications equipment.

**Are there any Japanese organizations you would like to contact?**

- MIC, ITU-AJ, TTC, ARIB,TELEC

**May ITU-AJ transfer the e-mail from the organization which has interested in you or your organization to you?**

- Yes
